

Public Notice of Public Comment Period

Addendum to the 2019-2020 Annual Monitoring Network Plan Comment Period Begins

North Carolina Department of Environmental Quality

North Carolina Division of Air Quality

A change to the Division of Air Quality's Ambient Air Quality Monitoring Network planned for 2020 will be available for public comments from February 25, 2020 at 8 a.m. to March 26, 2020 at 5 p.m. The proposed change is to relocate the Wade ozone monitoring station approximately 1.5 miles to a nearby elementary school to provide a more open area for the monitor. This change to the annual network plan is required to be submitted to the U.S. Environmental Protection Agency (EPA) for their review after undergoing a 30-day public comment period.

An addendum to the Ambient Air Monitoring Annual Network Monitoring Plan will be posted for 30 days on the division's website at <https://deq.nc.gov/about/divisions/air-quality/air-quality-data/annual-network-plan/annual-monitoring-network-plan-for-north-carolina-air-quality> starting on Tuesday, February 25, 2020. The addendum will also be available for review at:
